Loop Momentum Audit

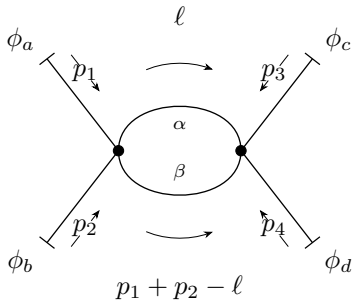

This sheet records the older loop-channel and sunset defaults before the bubble-on-leg work changes or reuses any of their machinery.

One-loop channel bubbles

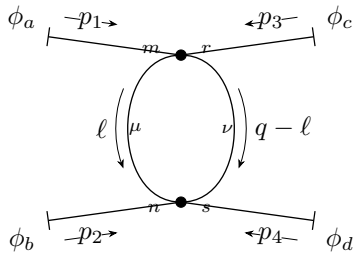

`SChannelCorr default loop momenta`

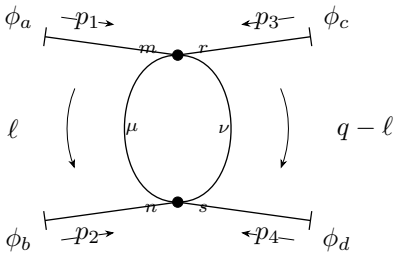

`SChannelCorr documented wider arrows`

`TChannelCorr default-ish vertical loop`

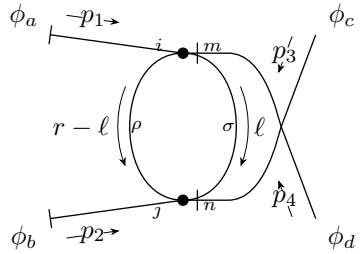

`TChannelCorr moved annotation pair`

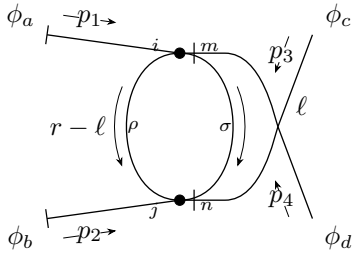

Crossed channel stress and style identity

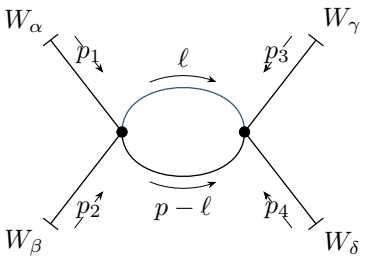

`UChannelCorr crowded crossed side`

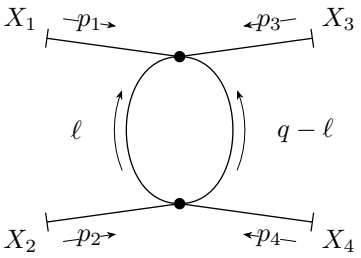

`UChannelCorr documented crossed relief`

`Mixed solid internal styles`

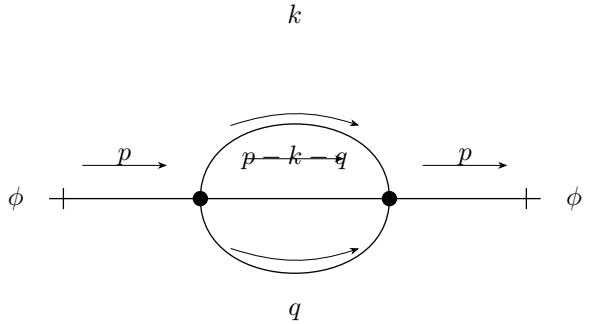

`Reversed loop directions`

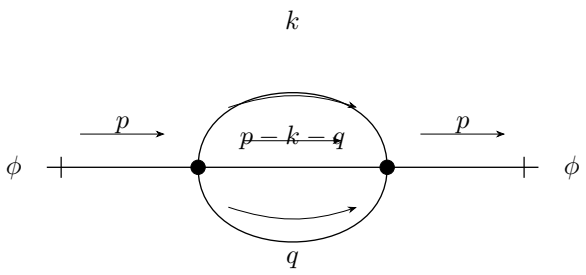

Sunset defaults and presets

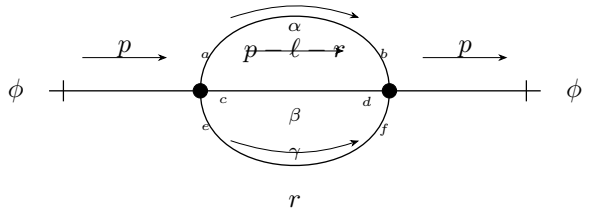

`Sunset default`

`Sunset compact`

`Sunset balanced with indices`

`Sunset wide with indices`
