# Raw Proca: straight

Pink triangles and black dots; only scale, length, and arrow size vary.

**normal / 6pt; 0.72**

**normal / 6pt; 1.0**

**normal / 6pt; 1.2**

**short / 6pt; 0.72**

**short / 6pt; 1.0**

**short / 6pt; 1.2**

## Raw Proca: curved upper

Pink triangles and black dots; only scale, length, and arrow size vary.

**normal / 6pt; 0.72**

**normal / 6pt; 1.0**

**normal / 6pt; 1.2**

**short / 6pt; 0.72**

**short / 6pt; 1.0**

**short / 6pt; 1.2**

## Raw Proca: curved lower

Pink triangles and black dots; only scale, length, and arrow size vary.

**normal / 6pt; 0.72**

**normal / 6pt; 1.0**

**normal / 6pt; 1.2**

**short / 6pt; 0.72**

**short / 6pt; 1.0**

**short / 6pt; 1.2**

## Raw Proca: diagonal and reversed endpoints

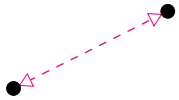

**forward; 0.72**

**forward; 1.0**

**forward; 1.2**

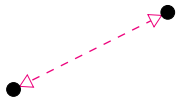

**reversed; 0.72**

**reversed; 1.0**

**reversed; 1.2**

## Raw Proca: independent arrow-size changes

Length is fixed at 2 cm; only arrow size and picture scale vary.

**10pt; scale 0.72**

**10pt; scale 1.0**

**10pt; scale 1.2**

**12pt; scale 0.72**

**12pt; scale 1.0**

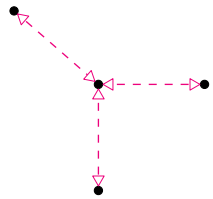

**12pt; scale 1.2**

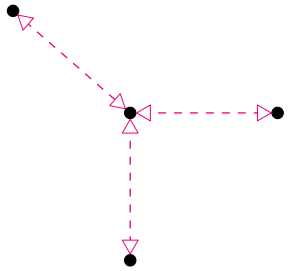

## Three-point external Proca

`\ThreePointCorr` — EW external legs, pink Proca test paths.

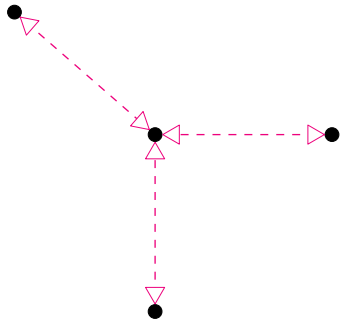

**normal; scale 0.72**

**normal; scale 1.0**

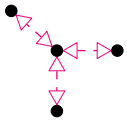

**normal; scale 1.2**

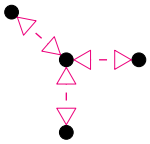

**short; scale 0.72**

**short; scale 1.0**

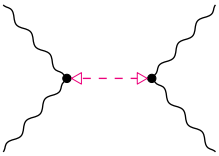

**short; scale 1.2**

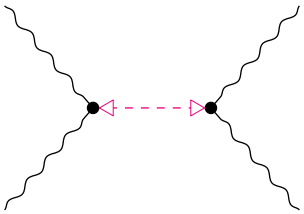

## S tree exchange

`\STreeChannelCorr` — EW external legs, pink Proca test paths.

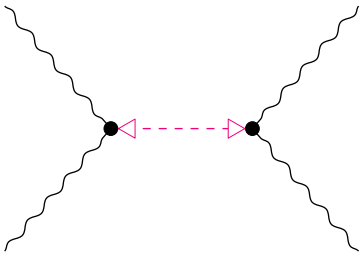

**normal; scale 0.72**

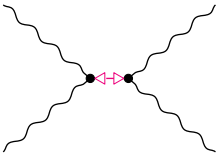

**normal; scale 1.0**

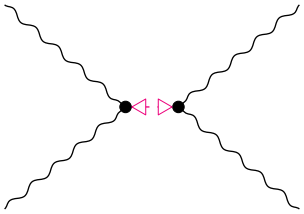

**normal; scale 1.2**

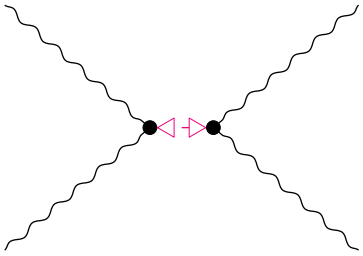

**short; scale 0.72**

**short; scale 1.0**

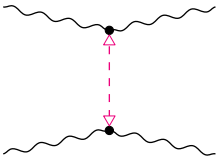

**short; scale 1.2**

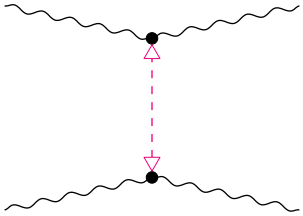

# T tree exchange

`\TTreeChannelCorr` — EW external legs, pink Proca test paths.

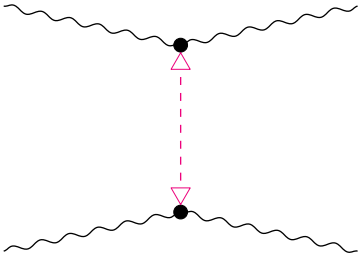

**normal; scale 0.72**

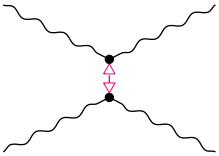

**normal; scale 1.0**

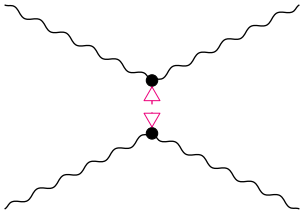

**normal; scale 1.2**

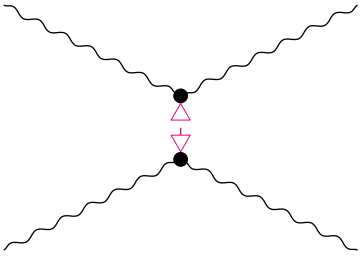

**short; scale 0.72**

**short; scale 1.0**

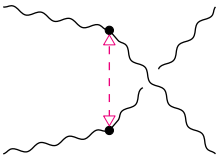

**short; scale 1.2**

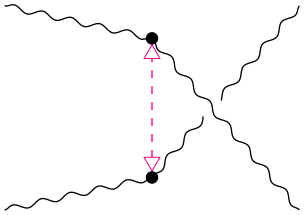

# U tree exchange

`\UTreeChannelCorr` — EW external legs, pink Proca test paths.

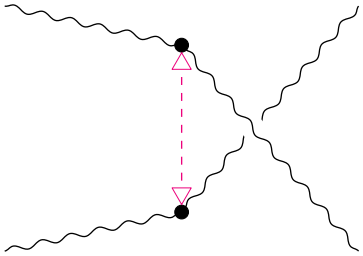

**normal; scale 0.72**

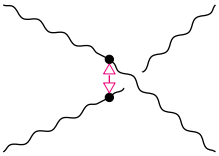

**normal; scale 1.0**

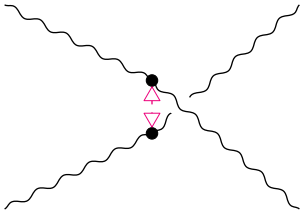

**normal; scale 1.2**

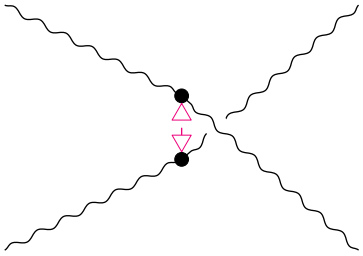

**short; scale 0.72**

**short; scale 1.0**

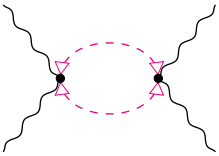

**short; scale 1.2**

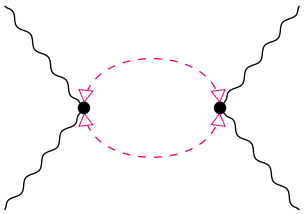

# S four-legged loop

`\SChannelCorr` — EW external legs, pink Proca test paths.

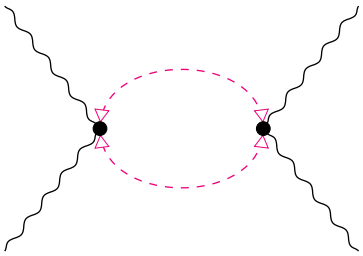

**normal; scale 0.72**

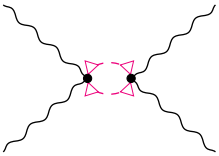

**normal; scale 1.0**

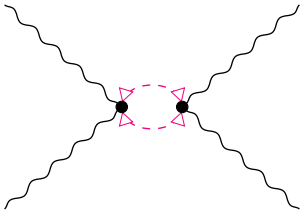

**normal; scale 1.2**

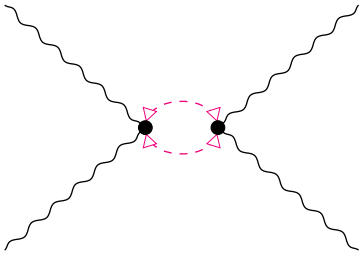

**short; scale 0.72**

**short; scale 1.0**

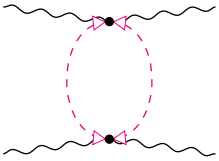

**short; scale 1.2**

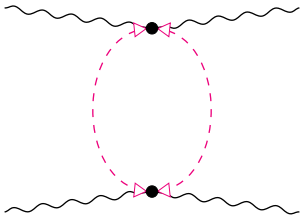

# T four-legged loop

`\TChannelCorr` — EW external legs, pink Proca test paths.

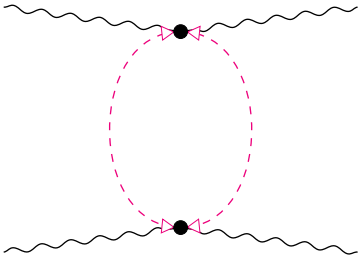

**normal; scale 0.72**

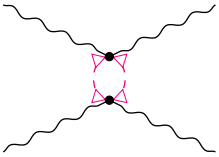

**normal; scale 1.0**

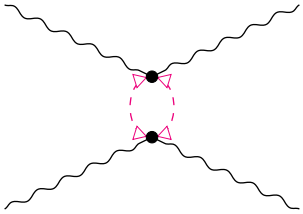

**normal; scale 1.2**

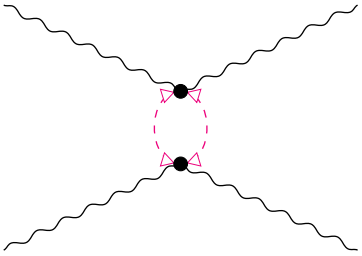

**short; scale 0.72**

**short; scale 1.0**

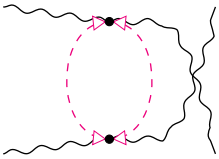

**short; scale 1.2**

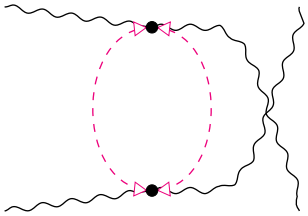

# U four-legged loop

`\UChannelCorr` — EW external legs, pink Proca test paths.

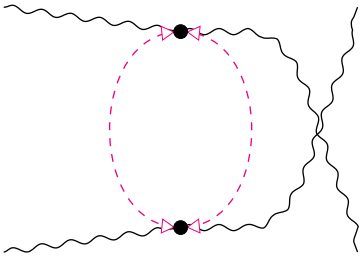

**normal; scale 0.72**

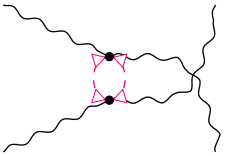

**normal; scale 1.0**

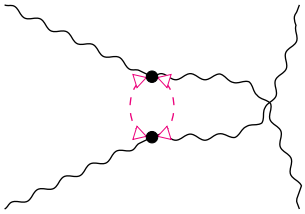

**normal; scale 1.2**

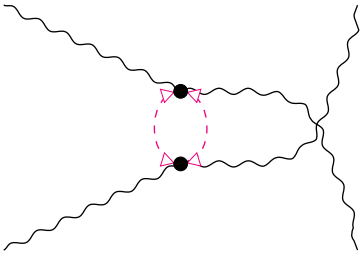

**short; scale 0.72**

**short; scale 1.0**

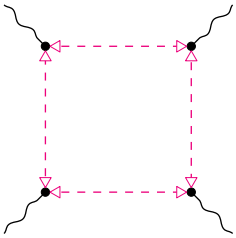

**short; scale 1.2**

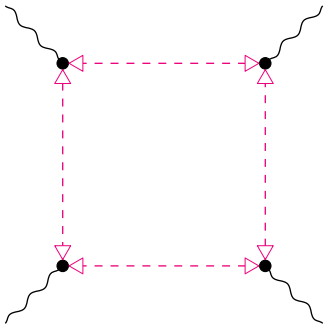

## Square box

`\BoxLoopCorr` — EW external legs, pink Proca test paths.

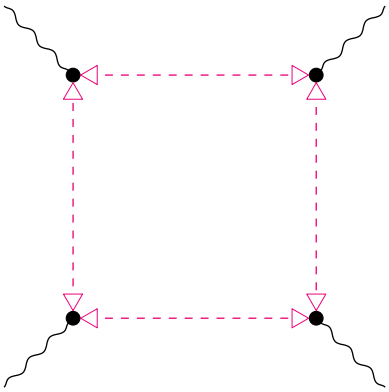

**normal; scale 0.72**

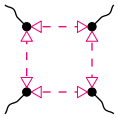

**normal; scale 1.0**

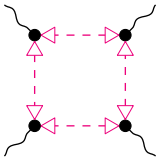

**normal; scale 1.2**

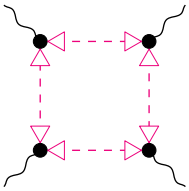

**short; scale 0.72**

**short; scale 1.0**

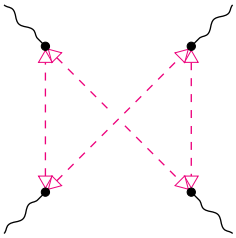

**short; scale 1.2**

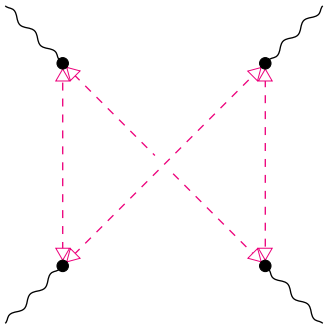

## Crossed box: split and continuous diagonals

`\CrossBoxCorr` — EW external legs, pink Proca test paths.

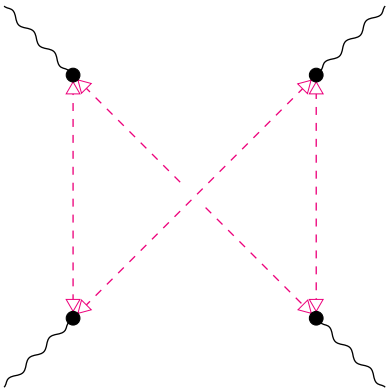

**normal; scale 0.72**

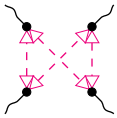

**normal; scale 1.0**

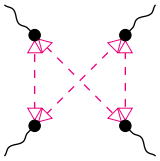

**normal; scale 1.2**

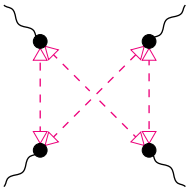

**short; scale 0.72**

**short; scale 1.0**

**short; scale 1.2**

# Half-box bridge

`\HalfBoxCorr` — EW external legs, pink Proca test paths.

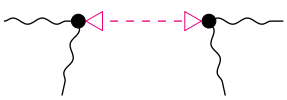

**normal; scale 0.72**

**normal; scale 1.0**

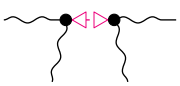

**normal; scale 1.2**

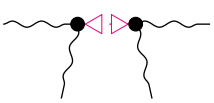

**short; scale 0.72**

**short; scale 1.0**

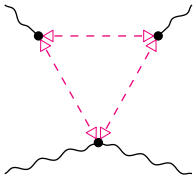

**short; scale 1.2**

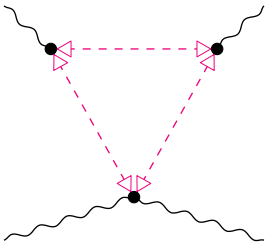

# Triangle contact: bottom

`\TriangleContactCorr` — EW external legs, pink Proca test paths.

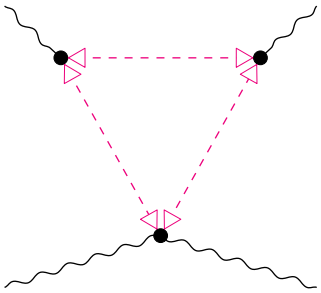

**normal; scale 0.72**

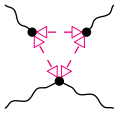

**normal; scale 1.0**

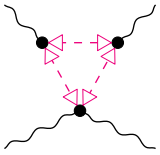

**normal; scale 1.2**

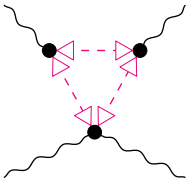

**short; scale 0.72**

**short; scale 1.0**

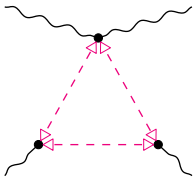

**short; scale 1.2**

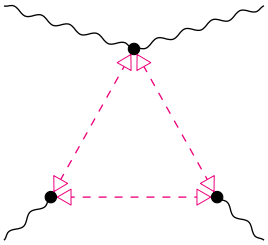

# Triangle contact: top

`\TriangleContactCorr` — EW external legs, pink Proca test paths.

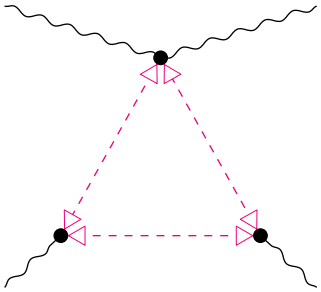

**normal; scale 0.72**

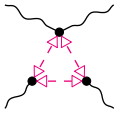

**normal; scale 1.0**

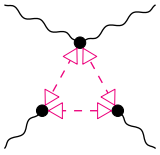

**normal; scale 1.2**

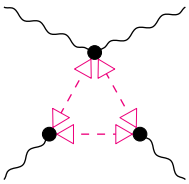

**short; scale 0.72**

**short; scale 1.0**

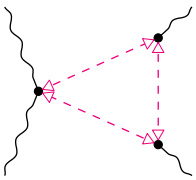

**short; scale 1.2**

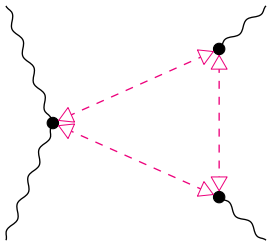

# Triangle contact: left

`\TriangleContactCorr` — EW external legs, pink Proca test paths.

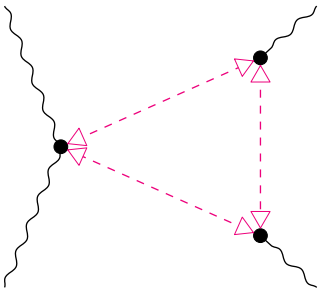

**normal; scale 0.72**

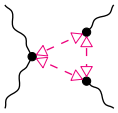

**normal; scale 1.0**

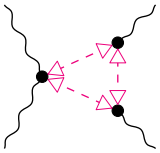

**normal; scale 1.2**

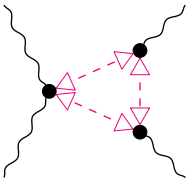

**short; scale 0.72**

**short; scale 1.0**

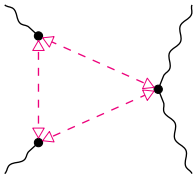

**short; scale 1.2**

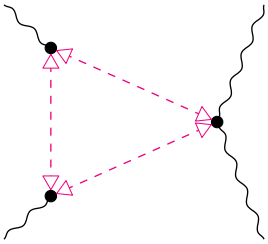

# Triangle contact: right

`\TriangleContactCorr` — EW external legs, pink Proca test paths.

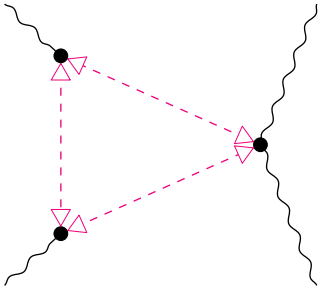

**normal; scale 0.72**

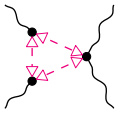

**normal; scale 1.0**

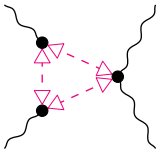

**normal; scale 1.2**

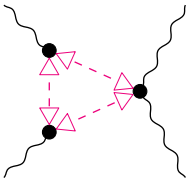

**short; scale 0.72**

**short; scale 1.0**

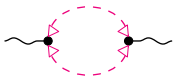

**short; scale 1.2**

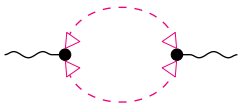

## Standalone bubble: managed endpoint helper

`\BubbleCorr` — EW external legs, pink Proca test paths.

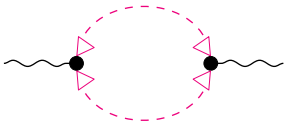

**normal; scale 0.72**

**normal; scale 1.0**

**normal; scale 1.2**

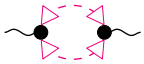

**short; scale 0.72**

**short; scale 1.0**

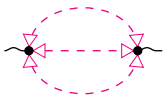

**short; scale 1.2**

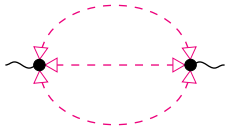

## Sunset: straight and curved internals

`\SunsetDiagram` — EW external legs, pink Proca test paths.

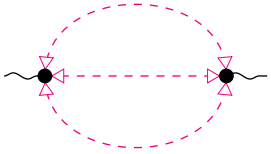

**normal; scale 0.72**

**normal; scale 1.0**

**normal; scale 1.2**

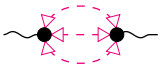

**short; scale 0.72**

**short; scale 1.0**

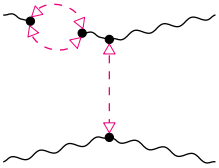

**short; scale 1.2**

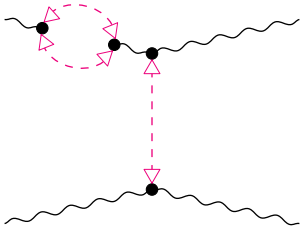

## Inserted bubble and host exchange

`\TTreeChannelCorr` — EW external legs, pink Proca test paths.

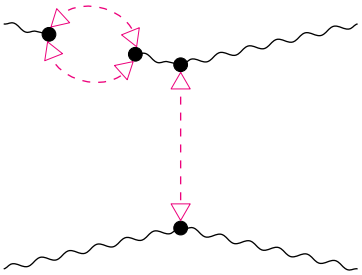

**normal; scale 0.72**

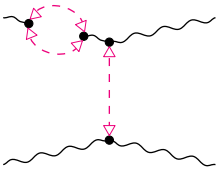

**normal; scale 1.0**

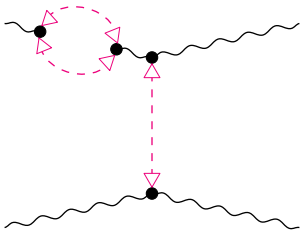

**normal; scale 1.2**

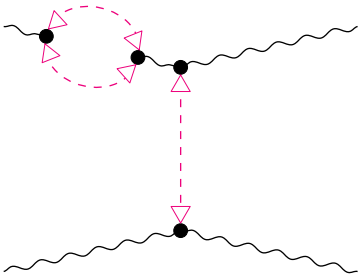

**short; scale 0.72**

**short; scale 1.0**

**short; scale 1.2**

## Per-line radius, alias, and color controls

**radius after style / 0.72**

**radius before style / 1.2**

**Alias Proca / 1.0**

**blue after style**

**blue before style**

**pink reset after custom radius**

## Split endpoints and legacy controls

Upper row: automatic contact. Lower row: explicit legacy distances / generic add-on, intentionally unchanged.

**start marker only**

**end marker only**

**optional circle**

**legacy 7pt / 6pt arrow**

**legacy 7pt / 10pt arrow**

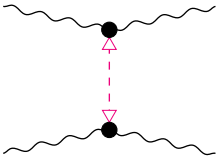

**generic open arrow unchanged**

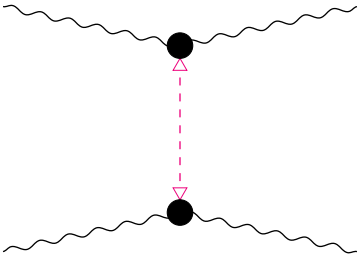

## Managed Proca override compatibility

Per-line M01 settings and semantic vertex controls must survive integration.

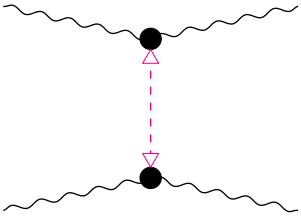

**radius after style / 0.72**

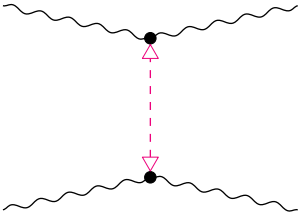

**radius before style / 1.2**

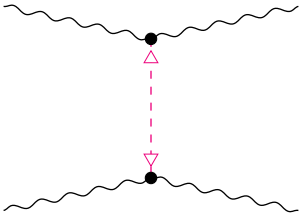

**semantic radius / zero clearance**

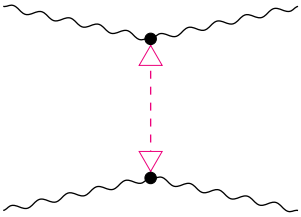

**semantic defaults reset**

**legacy 7pt / 6pt arrow**

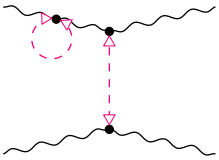

**legacy 7pt / 10pt arrow**

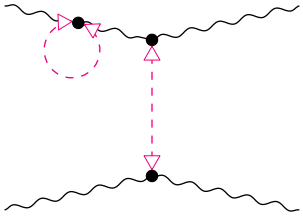

## Integrated seagull and exchange endpoints

Bare EW host legs; pink Proca self-loop and exchange. No independent decorations.

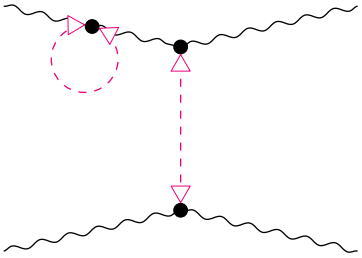

**normal; scale 0.72**

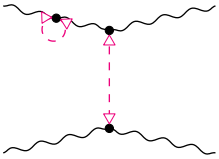

**normal; scale 1.0**

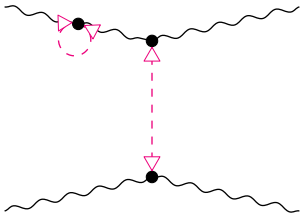

**normal; scale 1.2**

**short; scale 0.72**

**short; scale 1.0**

**short; scale 1.2**
