Circle default: scale 0.8 across interfaces

No explicit circ scale below. Rings have diameter 9.6pt; labels use scale 0.8.

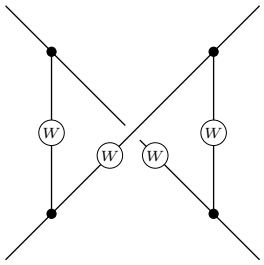

Raw propagator

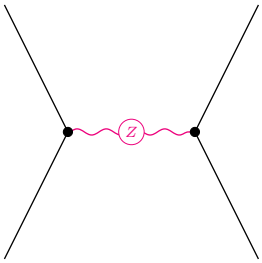

Ordinary box

Internal crossed box

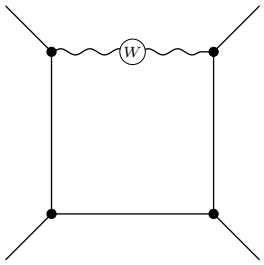

S-tree exchange

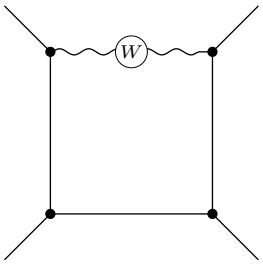

Explicit overrides and fresh-call reset

The scale key retains its existing 12pt reference. Explicit 1.0 restores the old size.

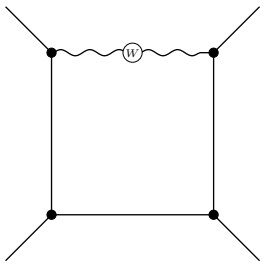

Explicit circ scale 0.8: matches default

Explicit circ scale 1.0: former size

Explicit circ scale 0.6: unchanged

Fresh call: returns to default 0.8
